**CONCERN: INSERTION OF A MANDATORY FIELD "SHIPPER**  
**SUBSCRIPTION NUMBER" WHEN SUBSCRIBING TO ELECTRONIC**  
**IMPORT INFORMATION SHEETS (FERI)**

In order to strictly apply the requirements of Ministerial Order No. 010/CAB/VPM/MIN/TC/2019 of January 22, 2019, amending Departmental Order No. 409-002-83 of January 17, 1983, setting the conditions for subscribing to the Multimodal Freight Management Office, OGEFREM informs agents and other transport auxiliaries of the following measures:

- A mandatory field has been integrated into the system when subscribing to the Electronic Import Information Form (FERI), requiring the inclusion of the shipper's subscription card number for the current financial year, and this provision will be strictly enforced from October 1, 2025;
- A shipper awareness period is decreed from the date of signature of this notice until September 30, 2025

During this period, the "shipper subscription number" field will remain optional to allow agents and other transport auxiliaries to ensure wide distribution of Notice to Shippers No. DG/DFAC/SDAC/SIRCC/N° 003/MM/03/2025 and to ensure effective awareness.
